Unity – Bringing the Community Together

Most people locally have heard about Unity (previously called Test Valley Community Services) but did you know that they run various services throughout Test Valley such as Community Transport, Volunteering, Shopmobility? Were you also aware that they can signpost people to other groups and agencies and hold a database of over 800 organisations based in the Borough? Did you also know that they provide Payroll services and even run a not for profit Home Support service called Cardea Ltd? This charity is complex and works in the heart of the community to help people improve lives and they have decided to open their doors to enable the wider community to find out a bit more about what they do.

Unity whose Andover office is found at the Andover Bus Station, are hosting a **Community Open Day on Tuesday 25th September from 10am – 2pm** and are inviting groups and local people to come along and introduce themselves. [Read more>>](#)

New Unity Postal Address Service

This new service is now available to member groups & organisations.
Is your charity/business run from home and you would prefer not to reveal your address? Using the Unity address is a simple and affordable way to keep your address private.

Andover & District Older People's Forum—Update

At the last meeting of Andover & District Older People's Forum the main event was about Housing. After an introduction setting out the general situation nationally, Keith Sutcliffe from Test Valley Borough Council gave an excellent presentation on what was happening in Test Valley. It was most informative and led to many questions and a full and thorough debate. As a result it was decided that the Forum should send a letter to our MP Kit Malthouse who is also Minister of State for Housing, Communities and Local Government, setting out our concerns. That letter has been sent and we are looking forward to his response. [Read more>>](#)
